Premier of Ontario

The Honourable Dalton McGuinty
Legislative Building
Queen's Park
Toronto, ON M7A 1A1

dmcguinty.mpp.co@liberal.ola.org

Dear Mr. Premier:

RE: Horse Racing Industry

Please be advised that Milton Council, at their meeting held on September 24, 2012, considered the aforementioned topic and subsequent to discussion, the following was resolved:

WHEREAS Nassagaweya, Rural Milton and Rural Halton have already been significantly impacted and timely decisions are critical;

WHEREAS many families in Rural Halton are directly connected to the Horse Industry, including breeders, trainers, veterinarians, farriers, feed dealers, farmers, and employees at Mohawk Racetrack;

WHEREAS a healthy Horse Industry is critical to the survival of independent businesses in Campbellville, Nassagaweya and all of Rural Milton;

WHEREAS Halton Horse breeding operations are recognized world-wide and this expertise is a significant international export;

WHEREAS our local Horse Industry includes many facets beyond the racetrack including therapeutic riding centres, children’s camps, pleasure horses, equestrian centres, boarding and training centres;

WHEREAS the Halton Agricultural Advisory Committee’s Annual Tour highlighted the critical aspects & risks to “Horsepower in Halton”;

WHEREAS Nassagaweya is identified within the Greenbelt, and the Horse Industry and its related farming activities are appropriate land uses within the Greenbelt;

WHEREAS Mohawk Racetrack is recognized as a premiere harness racetrack in Ontario’s world class racing industry, and whereas Mohawk Racetrack and Woodbine Entertainment are major economic anchors and contributors to our local economy;

WHEREAS Horse Racing and the Horse Industry are critical components of the world renowned Equine Program and Research at the University of Guelph;

WHEREAS the collapse of the Horse Industry would significantly impact the tax base and social fabric of Milton, Halton and Ontario;

WHEREAS The Horse Racing Industry Transition Panel Interim Report of August 17, 2012 identifies the Horse Industry as a major economic force and recommends a new partnership between the Horse Racing Industry and the Government; and further that the Panel “is confident that the right level of public investment with the right conditions would have a positive impact on employment, the economy, government finances and the industry’s future.”

THEREFORE BE IT RESOLVED THAT the Town of Milton endorses those findings of the Transition Panel’s Interim Report that identify the benefits of a strong

equine sector & horseracing industry and the urgency to make decisions to prevent the collapse of these industries, and that the Town of Milton requests the Province of Ontario to urgently work with horse people & organizations within the Horse Industry to seek every opportunity to ensure the long-term viability of horse racing and breeding, as well as the wider Equine Industry as they are all vital to the economic and social well-being of our communities.

BE IT FURTHER RESOLVED that a copy of this Resolution be forwarded to the Premier, Minister of Finance, Minister of Agriculture & Rural Affairs, Halton area MPPs, the Region of Halton, Association of Municipalities of Ontario, Racetrack Municipalities and the Greater Toronto Countryside Mayor's Alliance.

As per the above resolution, please accept a copy of this report for your information and consideration.

Yours very truly
